What Did You Get for Quilting?

First meeting of 2021 started out with each person telling what they got new for quilting. These included books, an LED light, Carol Freeland material and a Kona desk calendar.

Outreach

We have 62 Styx blocks. When Covid lockdown rules re isolation subside; we will get together and put the quilt together. Thanks to everyone for contributing.

BOM

Carol presented a modern rose block that is an improv block that she got from Emerald coast guild site.

FEATURED QUILTER

Halina presented [LIBS ELLIOT](#) who is a young modern vibrant young woman who generates her graphic designs from the computer.

Her quilts are very bold and stunning. Halina showed slides of her work.
