## **Quilter of the Month**

Presented by Wendy W.

Freddie Moran

Best known for her sense of humor and colour, famous for the phrase “Red is a neutral”

An artist, author and teacher who did not begin quilting until the age of 60. Her motto: just keep adding colour, don’t worry about technique, no judgement. JUST HAVE FUN!

## **Negative Space**

A defining trait of the modern quilter. Often heavily quilted adding to the design of the quilt. Negative space also offers a place for secondary

designs to appear between blocks. With negative space quilts the focus is as much on the design as it is the quilting. (From Quiltipedia)

Quilts utilizing “negative space” were presented by Sandy M, Sheila H, Mary M, Wendy W, and Hanne K.
